

Activities for April 21 – April 24

Reminders/Updates:

- o Prodigy - Please remember that your time should be spent ANSWERING QUESTIONS when doing Prodigy. We know there are a lot of other things you can do in Prodigy but you need to be answering the questions. Teachers have assigned specific questions for you to complete. There isn't a place to find these assignments, the questions just come to you in a certain order. Please continue ANSWERING QUESTIONS when you are assigned to play Prodigy! Thank you!

- o Don't forget to complete your activities for your Specials each week!! Check Miss Breitigam's Moodle page (Gym), Ms. Van Vlerah's Moodle page (Music) and Miss Hector's Moodle page (Art) for your weekly assignments.

- o Reading Counts – The 4th quarter Reading Counts goal is 15 points!!
 - Please continue reading books from home and completing RC quizzes.
 - Reading Counts link is on our Moodle page!
 - Reading Counts website is open from 7:00 AM – 9:00 PM, Mon. – Fri.

Tuesday (April 21st) – Language Arts & Social Studies

Language Arts

- o Wonders Website – Complete the Unit 5 Assessment on your “to-do” list. Please read the stories carefully and go back into the stories to answer your questions. Take your time and show us your best work!

Social Studies

- o Watch the **Reading Maps** video on BrainPop Jr.
<https://jr.brainpop.com/socialstudies/geography/readingmaps/> (link on Moodle page and in Google Classroom on your Social Studies Class Page.)
(Username is vbelementary and password is pop.)

Wednesday (April 22nd) – Math and Science

Math

- o Complete Morning Work – Week 29 Day 4
- o Practice Multiplication Facts for 5 minutes – use flashcards or Math Magician website (website link on Moodle page).
- o **Mrs. Clark and Mrs. Patterson’s Class** - Complete weekly assignment on www.iknowit.com and then play Prodigy (total of **20 minutes**).
- o **Mrs. Basinger and Mrs. Parsell’s Class** - Play Prodigy for **20 minutes**. Please make sure you are ANSWERING MATH PROBLEMS during this time on Prodigy. You should be completing at least 30 or more problems during this time! The questions you are answering will be GRADED by your teachers!

Science

- o Watch ***Seeds and the Life Cycle of Plants*** video on YouTube <https://www.youtube.com/watch?v=KPKM2uc2VNo> (link is on Moodle and Google Classroom).

Thursday (April 23rd) - Language Arts and Social Studies

Language Arts

- o Google Classroom – Go into Google Classroom and complete the Journal Entry. You will write a paragraph responding to the prompt. Remember to click “turn in” on your Google doc after you write your paragraph. Make sure you follow the directions on the journal entry template in Google Classroom.

Social Studies

- o Map Skills Activities - Go into Social Studies Google Classroom and click on the Map Skills Activities assignment. You will click on the Google Slides in the assignment. Once you have completed each slide by moving the words/pictures or filling in the boxes, you will close out of the Map Skills Activities. **YOUR WORK WILL BE SAVED FOR YOU AUTOMATICALLY!**
- o When you are back in your Social Studies Google Classroom, you will click on the assignment box again. Click “view assignment” at the bottom of the box. Then you click “TURN IN”. This will let your teacher know you are finished with the assignment. This is the same way you turned in your assignment last week!

Friday (April 24th) – Math and Science

Math

- o Complete Morning Work – Week 29 Day 5
- o Practice Multiplication Facts for 5 minutes – use flashcards or Math Magician website (website link on Moodle page).
- o Play Prodigy for **20 minutes**.
Please make sure you are ANSWERING MATH PROBLEMS during this time on Prodigy. You should be completing at least 30 or more problems during this time!
The questions you are answering will be GRADED by your teachers!

Science

- o Plant Life Cycles - Go into Science Google Classroom and click on the Plant Life Cycles assignment. You will click on the Google Slides in the assignment. Once you have completed each slide by moving the words/pictures or filling in the boxes, you will close out of the Plant Life Cycles slides. **YOUR WORK WILL BE SAVED FOR YOU AUTOMATICALLY!**
- o When you are back in your Science Google Classroom, you will click on the assignment box again. Click “view assignment” at the bottom of the box. Then you click “TURN IN”. This will let your teacher know you are finished with the assignment. This is the same way you turned in your Social Studies assignment!
